Color: Gray

Product Features:

Highly absorbent mat roll can be used in high-temperature applications and is tough enough to walk on.

- Made from recycled polypropylene and acrylic fibers
- Absorbs up to 84.6 gallons per roll
- Durable construction is ideal for applications with steady foot traffic
- Dark gray color with speckled fiber texture hides grime so mat stays on the job longer
- Roll out what you need to cover large areas or trim to fit for smaller jobs

Composition:

- 75% Polyester and 25% Acrylic Fibers

Additional Specifications:

- Fluid Absorbed: Oils, Coolants, Solvents, Water – Universal
- Perforated: No
- UV Resistant: No
- UNSPSC: 47131901
- Static-Dissipative: No
- Floating: No
- Mat Weight: Heavyweight
- Reusable: No
- Wringable: Yes
- Core Diameter: 3"
