

PIG® Surgical Mat with Grippy® Backing

HC101 Adhesive Backing; OR/Surgical; Poly-Backed, Heavy Foot Traffic, (1) 31" x 100' mat per roll

Our exclusive, adhesive-backed mat stays put to keep O.R. floors clean and dry and prevent slips, trips and falls.

- Never trip over a hospital blanket again! Adhesive-backed absorbent mat stays exactly where you put it and won't slide, shift or bunch up during procedures
- Proprietary adhesive sticks to the floor but peels up easily for quick O.R. turnover; light tackiness won't stick to surgical gloves
- 8-layer mat roll absorbs and retains up to 90 liters of O.R. fluids including blood, saline and water to help keep your floor clean, dry and safe
- Stays flat to prevent tripping and allow mayo stands and other carts to move easily
- Perforations down the vertical center of the mat and every 20" horizontally create 15.5" x 20" pads
- Disposable, single-use mats eliminate laundered blankets and save money with faster cleanup
- Tough enough to let you stand and move around on during long surgeries
- Perforations allow you to tear off smaller pads and use only what you need
- Made with 25% or more recycled content
- Latex-free
