

PIG® Economy 2-Drum Poly Spill Containment Pallet

PAK605 Holds (2) 55 gal. Steel Drums, 29.9" x 54.6" x 16.8", 66 gal. Sump Capacity

This cost-effective drum pallet shares many features with our more expensive models - plus it's made from recycled content!

- These pallets may be economical, but they're strong enough to handle long-term storage of fully loaded steel drums
- Low-density polyethylene (LDPE) construction resists UV rays, rust, corrosion and most chemicals
- Textured grating adds traction and lifts out for easy sump access
- 2-way forklift entry allows easy movement from either direction (unloaded only)
- Optional .75" drain plug lets you empty sump without removing drums or grating
- We test all of our Containment Pallet designs at max load for months to ensure they can handle full capacity at your facility
